

Pastry Pirates

EPISODE 1: THE CLOCK WORK GARDEN

INTRODUCTION AND RULES

Once upon a time in the garden of Fairy's Aire there lived a young pixie named Jeffy. Jeffy, being a pixie, had followed in his forefathers footsteps of being a pirate - but not just any pirate. No, young Jeffy was a Pastry Pirate! Jeffy searched far and wide across the world to find sugary sweets to fuel his love of baked goods. One day however, Jeffy ventured into Maggi and Muu's tree trunk to try and procure even BIGGER. Overestimating the size of the cookies and not wanting to get caught, Jeffy rushed out of their tree trunk, and ended up losing the key to his home. Your adventure starts by sneaking back into the tree trunk to get back the key to your house.

1. This game is an adventure word! Exploration is key to solving puzzles, and discovering the storyline. Keep your eyes peeled for hidden secrets and new areas.
2. For game setup, you may play the map either single player, or multiplayer. You play on peaceful, and you **MUST** use the texture pack.
3. You may not place any blocks except for cheese and chocolate in the designated locations. You need to find 15 chocolates to "win" the key to your house back, but I'm sure you can find some use for some of those extra chocolates...
4. Using cheese will either provide hints, or help you solve puzzles quicker. There is only a limited amount of cheese on the map. You will **ALWAYS** be able to solve a puzzle without the use of cheese.
5. When you complete the game - CHEAT! Fly around! there's still lots to explore!

This is a cheese mechanism! Simply place cheese inside it and something magical will happen! (These mechanisms are always optional to use!)

Dialogue is fun, and many characters have lots of things to say! Sometimes after events they will tell you new things as well!

This box of chocolates is empty! Place your 15 chocolates inside and wait for the magic to happen.

Furnaces and Chests are good hiding spots for chocolates and cheese...

Cheese is optional to use, but will help you solve puzzles quicker. Chocolates are used to win the game
